*You can bestow additional benefit on
the Hospital, without cost to yourself,
under the following scheme*

All Subscribers to the Hospital who pay Income Tax pay their subscription out of Income *upon which they have already paid Income Tax*. Consequently an Annual Subscription of £1 1s. represents a gross amount of £1 13s. 7d., with Income Tax to be 7s. 6d. in the £.

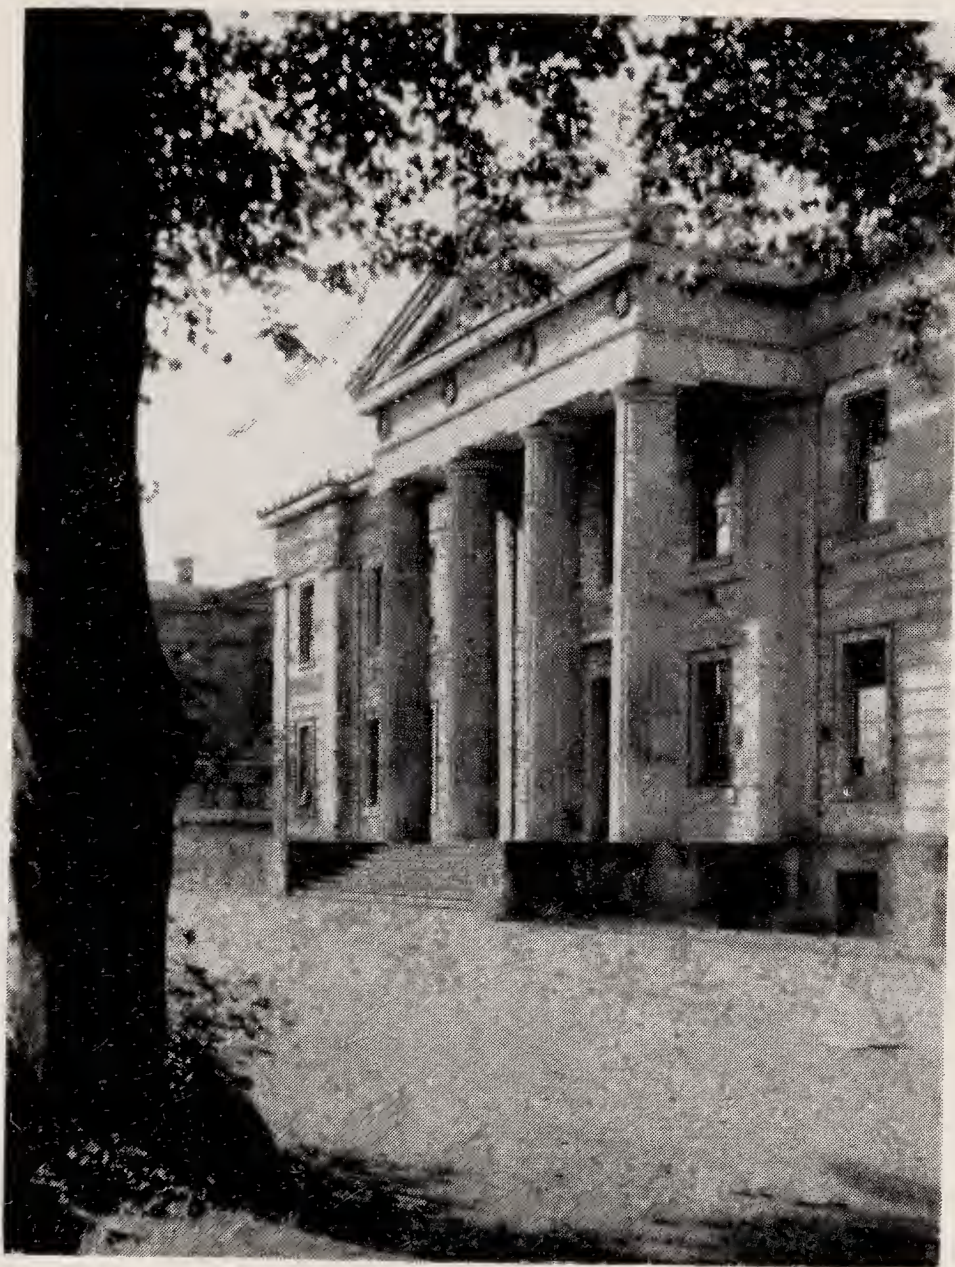

If a Subscriber is prepared however to covenant by deed undertaking to pay a regular annual subscription for a period of seven years, it is possible for the Hospital to recover from the Inland Revenue Department the tax which has been paid by the Subscriber.

Under the Scheme, a subscriber will pay the Hospital his or her usual subscription of £1. 1s or more and the Hospital will then be able to claim repayment of 12s. 7d. for each £1 1s. subscribed. The £1 1s. subscription will thus appreciate to £1 13s. 7d.

The Scheme cannot be made retrospective and can only apply to subscriptions that are paid after the necessary Deed has been signed, and, of course, only to those who pay Income Tax.

The Secretary-Superintendent will arrange the recovery of tax each year without trouble to the subscriber, and will be pleased to give any further information.

In the event of the death of the subscriber the covenant becomes void.

CUMBERLAND INFIRMARY

NINETY-NINTH ANNUAL REPORT

The Committee of Management beg to submit their report and statement of accounts for the year ended 31st December, 1939.

The work of the Infirmary has been affected by two outstanding events during the year, the first being the opening of the temporary wards, whereby 42 beds were made available, and the second, the outbreak of War. The latter has caused the Infirmary year to fall into two well-defined parts. The benefit of the new wards was beginning to be felt when, at the end of August, admissions were severely restricted, and the hospital became an effective unit under the Government's Emergency Hospital Service. One hundred beds were emptied for air raid and service casualties, and 133 additional beds, with accompanying equipment, were provided by the Government for the same purpose. With freedom from air raids, however, admissions were gradually allowed to become normal by the end of the year, but it must not be forgotten, that War conditions may again at any time cut down our beds for civilian cases.

Whilst the Committee are doing all they can to co-operate under the Emergency Hospital Scheme, and to make the Infirmary an effective part of the Home front, it is one of their deepest regrets that the War has jeopardised their long planned and carefully thought out scheme of extension at the moment when negotiations were coming to a successful conclusion, and tenders for the first portion of the scheme actually received. Last year, subscribers were informed that all conditions of the Commissioner for the Special Areas, under which he was prepared to give his grant, had been fulfilled; that the Ministry of Health had given approval of the block plans, and was awaiting detailed plans for consideration, and that the Financial Officers were occupied on the question of the division of the costs both for capital and maintenance. The Architects' working drawings and quantities were duly submitted to the Ministry, and the

Extensions.

Financial Officers' report was received and considered just before the outbreak of war. The final plans and details of the operating theatre unit were approved by the Ministry, and tenders were taken in at the end of August, and one was provisionally accepted. Notification was then received from the Ministry that in spite of the War all the proposed extensions should proceed. Whilst the Committee were relieved after so many years of protracted negotiations to have this permission, and thus to see the end of their work in view, they could not act on the information without further serious consideration for the following reason. They felt that if contracts were let they could only be on a time and material basis, which would entail an additional cost in view of the increased prices of raw materials, even if they were available, of approximately 25%. A joint meeting was therefore held, and the Minister has been approached with whom discussions as to meeting this difficulty are proceeding.

Temporary
Wards.

In the meantime, however, the Committee cannot help but be thankful for the use of the temporary wards, which have in the short time they have been open fully justified their cost.

Patients.

Comparative figures of admissions and patients treated will be found on pages 32 to 34.

It will be seen that they are divided into two periods in the same way as the expenditure, and, as far as costs are concerned, the period January to August has been taken for the purpose of comparative figures for the year. The total number of patients admitted is 2,930, 87 more than the figure for last year, and 1,321 more out-patients attended than the 43,233 in 1938.

Honorary
Medical Staff.

The Committee are glad once more, on behalf of the subscribers and patients, to be able to thank the Honorary Medical and Surgical staff for their great services and never-failing skill and care of patients.

The Committee report the resignation, for reasons of health, of Mr. A. W. Purdie, who was appointed Honorary Gynaecologist and Obstetrician in 1938. A joint committee of the Infirmary and County and City councils have the matter of his successor in hand.

The Committee gave consideration during the year to the question of the administration of anæsthetics at the Infirmary, and were able, after due alteration of the statutes to appoint the following, whose services have already proved very valuable :—

Dr. Margaret Cameron, M.B., Ch.B.

Dr. D. A. Knight, M.B., Ch.B. (Edin.), D.A. (R.C.P. & S.).

Dr. H. C. Maclaren, M.A., M.B., B.Ch., Camb. ;
M.R.C.S., Eng. ; L.R.C.P., Lond.

Mr. David A. Reid, M.B., Ch.B., F.R.C.S., Edin., was appointed Resident Surgical Officer from the 21st September in succession to Mr. Maxwell, who is now serving in H.M. forces.

The year has been an unusually full one on the nursing side. As soon as the question of staffing the new wards had been disposed of, and the work there had been absorbed into the hospital's routine, the world crisis arose. The Infirmary undertook to train auxiliary nurses, and 200 completed their lecture course and practical training in the wards. The Committee place on record their appreciation of the great amount of extra work undertaken by the Matron and nursing staff, and the way they have tackled the difficulties and inconveniences involved.

They note with pleasure that in spite of these added responsibilities the normal teaching of nurses has not suffered, since State examinations once more show 100% successful results. It is also interesting to note that the war seems to have stimulated the entry of candidates to the Preliminary Training School. Twenty-three nurses passed into the wards from the Preliminary Training School compared with 13 in 1938.

Twelve and eight nurses respectively entered and passed the Final State and Hospital examinations.

The following appointments are reported :—

Miss Proudfoot, Sister of Ward 1.

Miss Hall, Sister of Dean Close Ward.

Miss Newton, Sister of George Moore Ward,

Almoner's
Department.

Another year of most useful and satisfactory work is reported from the Almoner's Department. Its activities have been greatly enlarged as a result of the new wards, the Emergency Hospital Scheme, the evacuation of patients, and the treatment of various types of service cases.

Pathological
Department.

The work of the Pathological Department has been affected by the restricted number of patients in the Infirmary, but over the year it shows that its value is becoming more widely known in the district. 8,839 specimens were examined as against 9,118 during 1938.

Expenditure

A great increase in the Infirmary's expenditure was inevitable on the opening of the new wards, and this, together with the general increase in prices during the year, and an expenditure for the year of £1424 on air raid precautions (of which only a very small proportion is recoverable from the Government), have caused the hospital's total expenditure to reach the figure of £32,000. This, however, includes the sum of £1,571, for the depreciation of the new wards, which are to be written off in three years. Thus for comparative purposes, the total expenditure is £3,630 more than in 1938. When it is further considered that nearly half this increase is on account of air raid precautions, it may be felt that the expenditure is not unsatisfactory, bearing in mind the Committee's estimate of £5,000 increase on account of the new wards.

Income.

Although the Committee are not able this year to report that the hospital has paid its way, it will be seen that wartime conditions have not yet adversely affected income, in fact, most items show welcome increases.

Annual
Subscriptions.

The increase here is mainly due to those subscribers who have so kindly entered into Deeds of Covenant, whereby the Infirmary is able to reclaim the income tax on their gifts. In this way subscriptions amounting to £109 4s. 6d. were increased last year to £153 3s. 2d. without any cost whatever to the subscribers. The Committee wish to make this system more widely known, for they feel that if all subscribers realised, particularly in view of the very high rate of income tax now existing, that one guinea is now worth £1 13s. 7d., they would not hesitate to fill up the form described elsewhere in this report.

Most sincere thanks are accorded once more to all those Donations. who have contributed under this heading. The total, which is increased by £125 this year, is made up of innumerable efforts and spontaneous gifts, and is a true indication of the interest of all classes of the community in the hospital.

It will be seen that the Linen League money grant for the Linen League. year shows a great increase. Previously, this grant had been only in the nature of repayment of the amount spent by the Infirmary on uniforms. In order better to show the full amount of help provided by the League, and also a true cost on the expenditure side, the Infirmary now buys the linen, and the amount is refunded by the League, in the same way as expenditure on uniforms has been dealt with in the past. It will therefore be seen that with money grants, and a wonderful collection of useful gifts of linen and clothes, the Infirmary has benefited by £720 during the year. To all the members of the League, to its Committees, Vice-Presidents, and last, but not least, to Miss Barnes, its unflagging organising secretary, the Committee extend their thanks, not only for this usual annual help, but for the linen requirements of the two new wards and nurses home, which the League has been able, but not without much extra work, to provide.

The Committee once more acknowledge, with very sincere Central Funds. thanks, the efforts of the Hospital Sunday and Saturday Fund and the General Workers' Committee. They cannot be too grateful in these difficult and uncertain times for the amount of £6,902 which these efforts have produced.

The Committee place on record once more their thanks Other Income. to all who have helped by means of box collections, and Church and Sunday School collections, and also warmly thank the patients who have given donations in gratitude for services received at the Infirmary. They note with pleasure that this item of income has increased correspondingly with the additional accommodation made available during the year.

The legacies received have more than maintained the high Extraordinary Income. average of the past few years, and we place on record our gratitude to the devoted friends of the Infirmary, who have thought of its needs in their wills, and provided the welcome sum of £6,161 7s. 5d. £500 of this amount has been invested for the purpose of endowing the "Joseph and Jane Coulthard" cot, and the remainder for general purposes.

In spite of reported increases, income falls short of expenditure by £3,074 17s. 3d., and the resources of the Infirmary under General Purposes Fund in the balance sheet have thereby been depleted. It will also be noted that in the balance sheet is an amount of £5,212, which has been received from the Ministry of Health in the nature of interim payments towards the cost of treating the patients for which the emergency beds were provided. Some adjustment, however, will be necessary in respect of these payments, and the Committee have thought it wise to place this amount in suspense in the balance sheet rather than treat it as an item of income.

New
Equipment.

The Committee have continued their policy of keeping the Infirmary up-to-date by providing several items of new equipment, both for surgical and domestic use, one of which has affected a considerable saving in gas consumption.

Honorary
Treasurer.

The Committee welcome the appointment of Mr. J. W. Whipp as Honorary Treasurer in succession to Mr. Cowan. Mr. Whipp's long connection with the Hospital Sunday & Saturday Fund presupposes his great interest in the Infirmary, and the Committee are gratified in having the services of one who combines such interest in voluntary hospital work with the wide financial experience necessary to the holder of this office.

Chaplain.

During the year the Rev. W. E. Lambeth resigned from the office of Chaplain to the Infirmary on his leaving the parish of Holy Trinity. The Rev. H. C. Stewart, the new Vicar of Holy Trinity, succeeded him on the 7th October. They would also make appreciative reference to the Rev. R. B. Sutton, who devoted much time to the Infirmary in carrying out the duties of temporary chaplain.

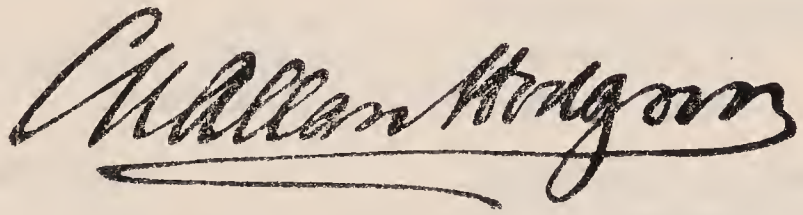

Obituary.

The Committee have to record with great regret the death of Lord Howard of Penrith, who had been a Vice-President since 1931, and of Mr. Roland Saint, who had been an auditor to the Infirmary for twenty years.

Thanks.

In conclusion, the Committee thank very sincerely the great body of helpers who have made the work described in this report possible, and by their gifts in kind, of money, and of

service, maintained the Infirmary's indispensable work to the end of its ninety-ninth year, and to the eve of its second century of useful life. Since it opened, demands on it have increased ten-fold, and they are increasing still more every year. The Committee are confident that its friends and supporters will respond to its corresponding needs in the future as in the past century.

**If you are disposed to make a Bequest in favour
of the Infirmary, please make use
of the following forms**

FORMS OF BEQUEST

*I give and bequeath to the Cumberland Infirmary, Carlisle,
the sum of £ for the use of
the said Hospital, and I declare that the Legacy shall be paid
free from Legacy Duty, and that the receipt of the Treasurer
of the said Hospital shall be a sufficient discharge for the same.*

(Under the new Mortmain Act, all descriptions of Property may now be left by will to Charities, and the following Form may therefore be useful in cases where it is intended to make Real or Leasehold Property the subject of the Bequest.)

I give unto the Cumberland Infirmary, Carlisle, all those Lands, Houses, and Premises known as (strike out any unnecessary words, and describe the Property by reference to its situation, boundaries, extent, and occupation, as nearly as possible) for the use of the said Hospital.

ENDOWED BEDS AND COTS

No more suitable method of perpetuating the memory of deceased relative or friend could be found than by the endowment of a bed or cot in the Infirmary.

Donors of £1,000 are entitled to endow a bed, which bears an inscription to be agreed upon by the donor and the Committee of Management. Donors of £500 are entitled to endow a cot under the same conditions.
